THE INSTITUTE

Motilal Nehru National Institute of Technology Allahabad is an institute with total commitment to quality and excellence in academic pursuits. The Institute has been granted the status of Institution of National Importance by an Act of Parliament. It was established as Motilal Nehru Regional Engineering College (MNREC) in the year 1961 jointly by Government of India and Government of Uttar Pradesh. MNREC was transformed into National Institute of Technology in 2002.

The Institute offers B.Tech., M.Tech., MBA, MCA, M.Sc., MSW and Ph.D. degrees in various disciplines of engineering, technology, sciences, management and humanities.

OFFICE OF THE DEAN (ACADEMIC)

The Dean (Academic) is responsible for the implementation of the decisions taken on academic matters by the Senate. The office of the Dean (Academic) is responsible to process and maintain all records related to the Curricula, Courses offered, Academic Calendar, Registration, Semester Leave, Examinations, Grades and Award of Degrees and Medals/Prizes, disseminate information pertaining to all academic matters, and act as a channel of communication between the Students, Departments/Interdisciplinary Programme/Schools/Cells/Centers to ensure implementation of Institute vision.

ALLAHABAD

Allahabad is the sacred city of India where three holy rivers namely Ganga, Yamuna and invisible Saraswati meet at Sangam. The famous KumbhMela is organized here after every twelve years where millions of people gather for penance. The Allahabad has been famous place of learning since long due to its world famous academic institutions. The tourist attractions include Sangam, Fort, AnandBhawan, KhusroBagh, Bhardwaj Ashram, Chandra Shekhar Azad Smarak, among others.

The city is well connected by rail and road from all parts of the country. The Institute is 9 KMs away from the Railway Junction. Weather remains pleasant during March.

PREAMBLE

Education is the foundation stone of a developed society. Academic Institutions have the responsibility to create a strong foundation to raise the society to highest echelons. In the past decade number of premier institutions has significantly increased. At this juncture it is worthwhile to deliberate and discuss on the techniques and best practices in TLA to achieve academic excellence with the belief that excellence is a journey and not a destination, a national seminar is being organised; where thinkers, educationists, teachers and researchers are invited to share thoughts and contribute to the reinforcement process.

The highlight of the workshop is the presence of eminent educationists from premier institutions as experts.

OBJECTIVES

- To focus on application based learning and outcome based education process.
- To explore various Teaching -Learning and Evaluation Techniques and Tools for focused, improved student learning and enhanced teacher effectiveness.
- To develop a technology vision and Knowledge base to support communication and learning process for better, faster and effective academic processes.
- To initiate and facilitate discussion among the practicing teachers, academicians, educational psychologists, policy makers, on the emerging challenges in classroom teaching.
- To prepare strategies and blue print for an effective classroom that can satisfy students' demands and sustain their interest in classroom teaching.

BROAD THEMES

- Policy perspectives and challenges.
- Nature and sources of content for classroom teaching.
- Content delivery and students engagements.
- Use of technology in content delivery, class engagements and evaluation
- Students' self-learning and its evaluation.
- Outcome based teaching and performance assessment based certification.

PROSPECTIVE PARTICIPANTS

- Faculty members working in higher educational institutions.
- Research Scholars and Post-Graduate students, aspiring for faculty positions.
