

SMART INDIA HACKATHON - 2019

Smart India Hackathon (SIH) 2019 - a unique Open Innovation Model for identifying new and disruptive technology innovations to solve the challenges faced in our country is being organized by MHRD, AICTE, i4c and Persistent Systems to make development a comprehensive mass movement and innovate on all fronts.

It's a non-stop product development competition, where problem statements are posed to technology students for innovative solutions. It can help to:

- Harness creativity & expertise of students
- Spark institute-level hackathons
- Build funnel for 'Startup India' campaign
- Crowd source solutions for improving governance and quality of life
- Provide opportunity to citizens to provide innovative solutions to India's daunting problems

In this light, the students are invited to participate in both software and hardware edition of SIH-2019.
