

A one-day online program

On

# Information Security Awareness (ISA-2021)

February 27<sup>th</sup>, 2021

(Sponsored by ISEA – II Phase)

Organized by

Department of Computer Science & Engineering, MNNIT Allahabad, Prayagraj, India

## Objective

The objective of the program is to bring awareness in the people about the importance and means of information security as well as empower them to safeguard the interest of the nation against cyber-crime by bringing together learners, practitioners, computer professionals, office personnel, and educators under one roof.

## Take away of the course

The program will aware the people to secure data and computer resources that are vulnerable to security threats. The program will discuss about various security attacks, cyber crime, banking frauds and its preventions. The program will help the peoples to understand how the frauds happen and how they can take preventive measures to secure their data and money. Further, they will be able to disseminate the knowledge among budding Office personnel, educators, and students for the benefits to the society.

## Tentative topics to be covered

Importance of information security  
Social media and cyber crime  
Banking fraud and its preventions
