proposal and to include "State of the Art" instead of "Special Study" as per the approved course curriculum for a 4 credit course in M.Tech. III semester. The committee observed that as per the Course Structure, Scheme of Evaluation and Syllabi, effective from July 2017 for "Master of Technology in Engineering Mechanics and Design", 4-credit course in M.Tech. III semester of "Master of Technology in Engineering Mechanics and Design" AM2391 contains Special Study/Term Project/ State of the Art/Industrial /Colloquium/ Research Training. This aspect has also been deliberated in the AMD.

Therefore, the Sub- committee of Senate (Standing Committee) resolved that "State of the Art" be also offered to the students of M.Tech :- "Master of Technology in Engineering Mechanics and Design" in their III semester AM2391, 4-credit course until any modification has been duly processed through DMPC- SMPC and approved by the Senate MNNIT, Allahabad, Prayagraj.

**Agenda 4 To consider the official communication No.642/CP/2022 dated 14-12-2022 of Chief Proctor regarding NOC required by the students before submission of their Thesis/ Dissertation/ Project.**

**Resolution :** The official communication No.642/CP/2022 dated 14-12-2022 of Chief Proctor regarding NOC required by the students before submission of their Thesis/ Dissertation/ Project was considered by the Sub-committee of Senate ( Standing Committee) and it was resolved that the necessary field in the existing proforma for " No Dues certificate For B.Tech/ M.Tech./MCA/ MBA/ MSc. Students and " Application for Submission of Ph.D Thesis ( To be Filled by the Candidate)" will be created for ensuring compliance of NOC required by the students from Chief Proctor before submission of their Thesis/ Dissertation/ Project.

**Agenda 5 To consider the proposal of sanction of enhancement of Ph.D. Scholarship w.e.f. due date of enhancement, provided the performance evaluation of the research scholar is completed within one month of due date of enhancement of Ph.D. Scholarship.**

**Resolution :** The Sub- committee of Senate ( Standing Committee) considered the proposal of Chairperson, SDPC for sanction of enhancement of Ph.D. Scholarship w.e.f. due date of enhancement, in case the performance evaluation of the research scholar is done within one month of the due date of enhancement of Ph.D. Scholarship and observed that the due dates of enhancement of Ph.D. Scholarship for a batch of Ph.D. Scholars fall almost at the same time, which makes it difficult to conduct performance evaluation of all the eligible Ph.D. Scholars on the due date as Chairperson SDPC is a member of all the review committees. In light of this constraint the Sub- committee of Senate (Standing Committee) resolved to recommend that the sanction of enhancement of Ph.D. Scholarship may be considered w.e.f. due date of enhancement of Ph.D. Scholarship, provided the performance evaluation is completed within one month of due date of enhancement of Ph.D. Scholarship. For all other cases the sanction of enhancement of Ph.D. Scholarship will be as per the date of performance evaluation.

Minutes of the Meeting

Agenda 1: To consider the letter No.1773/CED/2022-23, dated 13-03-2023 regarding Engineering Physics – III [ PH11103 ] being offered to the students of B.Tech [Civil] II Semester in the academic session 2022-23, instead of Physics-I [ PH11101].

Resolution : The Sub- committee of Senate (Standing Committee) considered the letter No.1773/CED/2022-23, dated 13-03-2023 of Head CED, regarding Engineering Physics –III [ PH11103] being offered to the students of B.Tech [Civil] II Semester students instead of Physics – I [ PH11101] and associated minutes of the DUGC of Physics Department [ 964/भौतिकी/2023, 15 March 2023] and minutes of the DUGC of Civil Engineering Department [No. 1809/CED/2022-23, dated 16-03-2023]. From the contents of minutes of the DUGC of Physics Department alongwith duly approved Minutes of BoAc of Physics Department, it is clear that the branch specific course works viz. Engineering Physics – I [ PH11101], Engineering Physics –II [ PH11102] and Engineering Physics –III [ PH11103] have been approved by the BoAc of Physics Department subsequently by the SUGC and Senate with Engineering Physics – III [PH11103] to be offered to the students of B.Tech [Civil] II Semester w.e.f. academic session 2022-23. However, as per the minutes of the DUGC of Civil Engineering Department by the BoAc of CED and subsequently by the SUGC and Senate, only the subject Engineering Physics – I [ PH11101] has been approved.

The Sub- committee of Senate (Standing Committee) also looked into the course content of Engineering Physics – I [PH11101] and Engineering Physics – III [PH11103] and noted that the list of experiments included in both the course works viz. Engineering Physics-I [PH11101] and Engineering Physics – III [PH11103] are same.

In light of the above and to remove this discrepancy, the Sub- committee of Senate (Standing Committee) resolved that Engineering Physics – I [ PH11101] be offered to the students of B.Tech [Civil] II Semester in the academic session 2022-23 and the HOD Physics Department may kindly be requested to ratify this resolution in the BoAc of Physics Department for necessary academic administrative requirements and the requirements of Senate.

This was also noted by the Committee that the practical content being same for Engineering Physics – I [ PH11101] and Engineering Physics – III [ PH11103], there will only be a marginal loss of course coverage that may be covered through extra classes.

At the outset the Chairman, SUGC welcomed all the Committee Members. Thereafter, the Committee considered the following agenda items:

**Agenda 1:** To discuss the case of Mr. Amrit Raj (20211091) B. Tech. Civil Engineering student regarding his application regarding registration in 4<sup>th</sup> semester (Even 2022-23) in view of his physically handicapped situation.

The members discussed the case of Mr. Amrit Raj (20211091) in light of his application dated 31/01/2023. The members noted that the student had one E grade in 1<sup>st</sup> semester and four E<sup>s</sup> and

**Prayagraj-211004**

one F in 2<sup>nd</sup> semester and CPI of the students in 2<sup>nd</sup> semester was 4.54. Therefore, the student was not eligible for registration in 3<sup>rd</sup> semester (Odd 2022-23) as per clause 7 of Ordinances of the Bachelors' Programme. However, the student neither discussed the matter in the department nor applied for registration (online/physically) in 3<sup>rd</sup> semester (Odd 2022-23), so the matter did not come in light earlier. The members were also informed that on 18/01/2023 students did online registration for 3<sup>rd</sup> semester and paid fees also. The members were of the view that.

- (i) The online registration done by student on 18/01/2023 is of no significance as end semester examination of 3<sup>rd</sup> semester had already concluded in December, 2022.
- (ii) Mr. Amrit Raj, has applied very late regarding registration in 4<sup>th</sup> semester, when he already knew that he was not a registered student in 3<sup>rd</sup> semester in Odd (2022-23) and he already had 6 E/F in 1 Year (Academic Year 2021-22).

**Resolution:** The SUGC discussed the resolution of DUGC, Civil Engineering Department for B.Tech. student, Mr. Amrit Raj (20211091). As per the Ordinance of Bachelor's Programme, Clause 7, the student was not eligible for registration in 3<sup>rd</sup> semester (Odd 2022-23). Therefore, he cannot be allowed for registration in 4<sup>th</sup> semester (Even 2022-23). However, since undergraduate programme under NEP has been introduced from Academic Year 2022-23, the student may be allowed to register in 1<sup>st</sup> semester starting from Academic Year 2023-24 as the current on-going 1<sup>st</sup> semester (Odd 2022-23) is ending in February 2023.

**Agenda 2:** To discuss the application of B. Tech 6<sup>th</sup> semester student Mr. Suraj Kumar (20199015) about condoning him for not applying for semester leave of 6<sup>th</sup> semester in the last session 2021-22.

**Resolution:** The SUGC discussed the resolution of DUGC, Chemical Engineering Department for the B.Tech. student, Mr. Suraj Kumar (20199015) currently registered in 6<sup>th</sup> semester (Even Semester 2022-23) for condoning him in not applying unknowingly for semester leave of 6<sup>th</sup> semester in the last session 2021-22 so that his results of 5<sup>th</sup> semester (Odd semester 2022-23) can be declared. The committee also observed that he has scored a CPI of 6.66 and 6.46 in the third and fourth semester semesters. As per records he had registered for 5<sup>th</sup> semester in the session 2021-22 and got a SPI of 0.32. The committee also observed that the student has apologized for not applying for semester leave in the last session for sixth semester and it recommends a semester leave to him for 6<sup>th</sup> semester (Even semester 2021-22) post facto.

**Agenda 3:** To discuss the case of Mr. Hemraj Singh (20204081) B. Tech Computer Science & Engineering Department regarding his request for the registration in the IV semester (AY 2022-23 EVEN). The student was not registered in the IV semester (AY 2021-22 Even) due to poor financial condition and requested for semester leave of IV (AY 2021-22 Even) & V semester (AY 2022-23 Odd)

**Resolution:** The SUGC discussed the resolution of DUGC, Computer Science & Engineering Department, for the B.Tech. student, Mr. Hemraj Singh (20204081): and observed that student's financial condition is not well. Therefore, committee recommends the request of Mr. Hemraj Singh for semester leave in the IV semester (AY 2021-22 Even) & V semester (AY 2022-23 Odd) and recommends him to register in the IV semester (AY 2022-23 Even).

**Agenda 4.** To discuss the request of Ms. Arjina Jana (20204038) for discontinuation of B.Tech. Programme of CSE course on 26.07.2022 due to serious clinical depression and other medical issues. In meeting dated 01.08.2022, the committee suggested the student to submit the detailed Doctor's prescriptions and written consent of her parents for discontinuation of the B.Tech. programme. As per the advice of the committee, student has submitted the written consent of her parents via speed post and health reports via email.

**Resolution:** The SUGC discussed the resolution of DUGC, Computer Science & Engineering Department. The committee observed the submitted documents and recommends the discontinuation of the programme for Ms. Arjina Jana (20204038), after completion of all the formalities as per the institute rules.

**Agenda 5:** The DUGC of the Computer Science & Engineering Department. discussed the contents of the Citizen Charter as provided by the Dean (Academic) via office letter No. 1906/Acad./2023. January 13, 2023 in the meeting and suggest slight change for the activity listed in Sl. No. 09 regarding examination results that, the maximum processing time for the office must be 15 days for grade submission after the last date of examination.

**Resolution:** The SUGC discussed the resolution of DUGC, Computer Science & Engineering Department regarding the Dean (Academic) office letter No. 1906/Acad./2023. January 13, 2023 and recommends the maximum processing time for the office must be 10 days for grade submission after the last date of examination.

At the outset the Chairman, SUGC welcomed all the Committee Members. Thereafter, the Committee considered the following agenda items:

Agenda 1: To discuss the resolution of DUGC, Chemical Engineering Department about the case of Ms. Pallavi verma (20209038), student of B.Tech. sixth semester, for conducting make-up mid semester exam of the subject Transport Phenomena (CH 16102).

**Senate Under Graduate Programme Committee**

**Prayagraj-211004**

**Resolutions:** The SUGC discussed the DUGC resolution regarding Ms. Pallavi Verma (20209038), a student of B.Tech. sixth semester, for conducting make-up mid semester exam of the subject Transport Phenomena (CH 16102) which she could not write on the fixed date (25/02/2023) due to ill health & train cancellation. The committee observed that there is no clause in the ordinances for bachelors programme applicable for the students admitted prior to 2022-23 on conducting make-up mid semester exam. If a student fails to appear or in submission of assignments, etc., it is entirely up to the course coordinator to decide whether or not to provide an opportunity for make-up examination. In case of a make-up test for mid-semester examination, the upper limit for awarding marks will be 70% of the maximum marks irrespective of marks secured in the make-up examination (as per new UG ordinance 6.2.4) However, the committee took a sympathetic view of her case and recommended conducting a make-up mid semester exam of the above subject.

**Agenda 2:** To discuss the resolution of DUGC, Mechanical Engineering Department about the case of Mr. Utkarsh Kumar (20213060) for allowing him to take three courses of second semester as a back paper/ parallel subject in which he got E/F grades.

**Resolutions:** The SUGC observed that Mr. Utkarsh Kumar (20213060) has got E/F grades in three courses of second semester and five courses in his third semester as follows:

Second Semester Courses	Third Semester Courses
Engineering Mechanics (AM12101)	Kinematics of Machines (AM 13102)
Mathematics II (MA 12101)	Materials Science and engineering (AM 13103)
Physics II (PH 12102)	Strength of Materials (AM 13104)
	Basic Electrical and Electronics (EE 13111)
	Numerical Methods and Statistical Techniques (MA 13102)

The student wants to take three courses of second semester as back paper/parallel subjects along with supplementary examination for three courses of third semester to avoid year back. The DUGC interacted with Mr. Utkarsh Kumar (20213060) and found that he is still not attending his classes in even semester of session 2022-23. In one of the subject he has not attended a single class.

Senate Under Graduate Programme Committee

Prayagraj-211004

In view of the above, the SUGC recommends that the student may appear in supplementary examination to clear three theory courses of the second semester. He can then register for the III Semester from the session 2023-24.

Agenda 3: To discuss the resolution of DUGC, Computer Science & Engineering Department about the case of Mr. Anubhav Kumar Singh (20208021) for leave and rescheduling the Mid-semester examination A. Y. 2022-23 Even semester, reason being severe viral hepatitis, jaundice and typhoid.

Resolutions: The SUGC members were of the opinion that as per B.Tech. Ordinance there is no such provision. However, due to the medical problem of the student, the SUGC recommends for his make-up examination, with the condition that the upper limit of marks awarded will be 70% of the maximum marks, as per new UG ordinance 6.2.4.

Agenda 4: To discuss the resolution of DUGC, Electronics & Communication Engineering Department about the case of Mr. Shahbaz Khan (20195143) Missed his End Semester Practical Examination for Advanced VLSI Lab. (EC 17203) due to health related issues, his matter was discussed in the meeting and members were of the opinion that the committee should act as per provisions of the B. Tech. ordinance. As there is no such provision mentioned in the ordinance to conduct the end semester examinations again hence his case cannot be considered. However, his case is being forwarded to Chairman SUGC for his observation and comments.

Resolutions: The SUGC discussed the above case and observed that there is no provision of make-up examination for the End Semester Practical examination. The student is advised to appear in the supplementary examination to clear the course.

The meeting concluded with vote of thanks to the Chair.

4. The Committee discussed the application of Mr. Ashish Kumar Singh (2018RCS01) regarding completing of left residential period (i.e. one semester and 47 days).forwarded by DDPC of Department of Computer Science and Engineering.
