SUBMISSION OF TENDERS

- 1) Tenderer should log into the site well in advance for Tender submission so that they can upload the Tender in time i.e. on or before the Tender submission time. Tenderer will be responsible for any delay due to other issues.
- 2) The Tenderer has to digitally sign and upload the required Tender documents one by one as indicated in the tender document.
- 3) Tenderer has to select the payment option as "offline" to pay the tender fee / EMD as applicable and enter details of the work.
- 4) Tenderer should prepare the EMD as per the instructions specified in the tender document.
- 5) The original should be posted/couriered/given in person to the concerned official, latest by the last date of Tender submission or as specified in the tender documents. The details of the DD/any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during Tender submission time. Otherwise the uploaded Tender will be rejected.
- 6) Tenderers are requested to note that they should necessarily submit their financial Tenders in the format provided and no other format is acceptable. If the price Tender has been given as a standard BoQ format with the tender document, then the same is to be downloaded and to be filled by all the Tenderers. Tenderers are required to download the BoQ file, open it and complete the white colored (unprotected) cells with their respective financial quotes and other details (such as name of the Tenderer). No other cells should be changed. Once the details have been completed, the Tenderer should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the Tenderer, the Tender will be rejected.
- 7) The server time (which is displayed on the Tenderers' dashboard) will be considered as the standard time for referencing the deadlines for submission of the Tenders by the Tenderers, opening of Tenders etc. The Tenderers should follow this time during Tender submission.
- 8) All the documents being submitted by the Tenderers would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of Tender opening. The confidentiality of the Tenders is maintained using the secured Socket Layer 128bit encryption technology. Data storage encryption of sensitive fields is done. Any Tender document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/Tender opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized Tender openers.
- 9) The uploaded tender documents become readable only after the tender opening by the authorized Tender openers.
- 10) Upon the successful and timely submission of Tenders (i.e. after Clicking "Freeze Tender Submission" in the portal), the portal will give a successful Tender submission message & a Tender summary will be displayed with the Tender no. and the date & time of submission of the Tender with all other relevant details.
- 11) The Tender summary has to be printed and kept as an acknowledgement of the submission of the Tender. This acknowledgement may be used as an entry pass for any Tender opening meetings.

ASSISTANCE TO TENDERERS

- 1) Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- 2) Any queries relating to the process of online Tender submission queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Help desk.
