A meeting of the Sub-Committee of Senate (Standing Committee) was held on 07.08.2023 (Monday) at 12:00 Noon in the Conference Room of the Dean (Academic Office).

The following members were present:

1. Prof. Vijaya Bhaduria, Chairperson , SDPC -Member
2. Prof. Ravi Prakash, Chairperson , SUGC -Member
3. Prof. S.N. Pandey, Chairperson, SMPC -Member
4. Prof. Rajeev Srivastava, Dean (SW) - Member
5. Prof. R.P.Tewari, AMD (Senate Nominee) -Member
6. Prof. L.K.Mishra, Dean (Academic) -Convener
7. Dr. Praveen Kumar Agrawal , FI(Exam) - Special Invitee

**Minutes of the meeting**

**Agenda 1: To consider the proposal of Chairman SUGC regarding admissibility of courses with 'D' grade in Special Supplementary Examinations 2023.'**

**Resolution :** The proposal of Chairman SUGC regarding admissibility of more than one courses with D grade in Special Supplementary Examination 2023 was considered. The members noted that the provision of Supplementary Examination 2023 is aimed to facilitate students of B.Tech VIII Sem. (Academic Session 2022-23) and B.Tech VII Sem.(Academic Session 2023-24) with ACD to remove their ACD. The members felt that this opportunity provided to these students should not affect the relative academic positions of all other students. Accordingly the Sub-Committee of Senate (Standing Committee) resolved that the students be permitted to appear in more than one course work with D grade. However, in case a student improves his/ her D grade in more than one course works, then only those course work(s) will be considered for tabulation and result preparation which will just remove his/her ACD. The higher grades obtained in other course work(s) will not be considered in SPI/ CPI computation and will not be included in the transcript/ grade sheets.

The members opined that this will also maintain the original spirit of the Ordinances for Bachelors' Programme relating to academic fulfilment for completion of programme and award of degree without affecting the relative positions of other students in their order of academic merit .

**Agenda 2: To consider the case of Mr. Tanmay Dhawan [Reg.No 20178055] as put up by the FI(Examination) to Dean [Academic] for issuing grade sheets/transcript**

**Resolution :** The Sub-Committee of Senate (Standing Committee) considered the case of Mr. Tanmay Dhawan [Reg.No 20178055]. The members were informed by the FI(Exam) that there is mismatch in SPI and CPI values as indicated on the tabulation sheet and one which is mentioned in the grade sheet for Back papers for Academic

Session 2020-21. It was further informed that the SPI/CPI mentioned in the Grade sheets are correct. However, the SPI and CPI values as indicated on the tabulation sheet are incorrect and need to be modified.

The members unanimously felt that this incongruity will create problems in future for any subsequent verification and resolved to permit correction(s) in the tabulation sheet (s). It was also resolved that similar checking be under taken for all other students for Back papers for Academic Session 2020-21

Further, the case of Mr. Kunwar Shikhar [ Reg.No. 20161003] as reported by FI [Examination] was also considered. It was reported that the marks and the associated grades in Physics II are incorrect as ESE marks computed based upon previous SPI/CPI were not considered while computing the total marks and associated grades. Based upon the computation presented by FI(examination) [Annexure A], the present grade obtained would now be improved to B from C, further all CPI values will also be affected. The members unanimously felt that this incongruity will create problems in future for any subsequent verification and resolved to permit correction(s) in the tabulation sheet (s) and the grade sheets. It was also resolved that similar checking be under taken for all other students for Physics II for Academic Session 2020-21

**Agenda 3: To Consider the issue of award of A+ grades in M.Tech Thesis as well as processing of MP-09(a) and MP-09(b) forms.**

**Resolution :** The Sub- Committee of Senate (Standing Committee) considered the proposal of Chairperson SMPC to request all HODs / Head SMS/ Chairman GIS to follow the guide lines as stated in the communication vide No.11/DO; dated 09-04-2018 [Annexure B]. The Chairperson SMPC also pointed out that grades of Thesis Performance are filled without the approval of Chairperson SMPC. Therefore the committee resolved to request all the HODs/ Head SMS/ Chairman GIS to follow the guide lines as stated in the communication vide No.11/DO ; dated 09-04-2018 for awarding A+ grades in M.Tech Thesis evaluation and not to allow grade entry for Thesis performance till the MP-09(a) and MP-09 (b) forms are duly approved by the Chairman SMPC.

**Dean (Academic)**

In reference to the application of Mr. Kunwar Shikhar (20161003) B.Tech.Civil Engineering , the student had applied for all semesters marksheets / grade sheets but after verification of the his results from hard copy mismatch of grade for subject Physics II (PH1202) is found in his Second Semester Back paper result for session January 2020 to May 2020.

After detail calculation of SPI from his transcript it is found that SPI of his first semester's results is calculated wrongly which are as follows:

Result	Semester	Previous calculated SPI (As per transcript)	After calculation modified SPI (As per Transcript)
Back paper July 2017 to Dec 2017	I	5.20	4.67
Supplementary Exam 2018	I	5.20	4.67
Backpaper July 2018 to Dec 2018	I	5.20	4.67
Backpaper July 2019 to Dec 2019	I	6.00	5.33

As per the hard copy of his result his grade for Physics-II (PH1202) shows D grade but as per his transcript and grade sheet it shows C grade, after detail verification of his result with the grade sheet provided by faculty member it is found that only his TA and Mid semester marks is submitted (copy enclosed), but as per the COVID -2019 evaluation guidelines (copy enclosed) the marks of ESA (60 marks) was not submitted and the calculation for ESE- A marks as follows

ESA-A= Max (30, 6x Max (Previous Sem. SPI, Previous Sem. CPI)

So according to this calculation his marks out of 60 is as follows:

ESA-A= Max (30, 6 x Max (5.33)

=Max (30, 6 x 5.33)

= Max (30, 31.98)

Total Marks = 14+17+31.98= 62.98 Modified Grade = B,

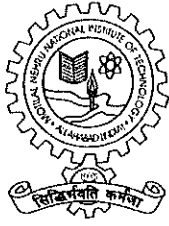

SPI of Second Semester will be modified due to change of above grade and the modified SPI will be now 5.65.

Due to the modification in grade and SPI of second semester the CPI will be modified from first semester onwards which are as follows:

Semesters	Modified CPI
II	5.82
III	6.22
IV	6.13
V	6.33
VI	6.18
VII	6.09
VIII	6.04

Therefore, it is requested to kindly provide your permission for further correction in his result (transcript and few tabulations of 1<sup>st</sup> & 2<sup>nd</sup> semesters), so his final result can be prepared and modified.

(ii) The committee also examined the case of Mr. Vikas (20214302) (B.Tech. Computer Science & Engineering) who was found in possession of mobile phone in washroom during End (Odd) Semester Examination 2023-24. Due to his repeated offence the committee also resolved that this student will be on academic probation for one year and will report to his respective Head of Department on regular basis (at least fortnightly). Also his performance will be reviewed in the mid of the semester. The committee also recommends that such type of offence in future will not be accepted and strict action will be taken against him which may lead to his semester break. The Committee refer the case of this student to Dean Student Welfare for further counseling purpose.

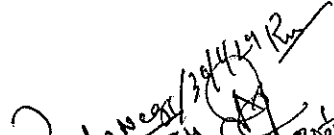

(iii) The Committee also examined the following cases that were reported using UFM during End (Odd) Semester Examination 2023-24 and found that there proof of UFM was not conclusive, hence the answer book shall be evaluated and the marks awarded shall be carried forward for the award of grade, along with issuing of a warning letter.

  - (ii) Point no. 2 of letter on 11/DO dated April 9, 2018, is indicative in nature. It is not binding and it is not a part of ordinance.
  - (iii) Evaluation Board approved by Chairman SMPC, has evaluated in advance the performance of M.Tech. students properly and given marks and grades.
  - (iv) The industry supervisor and student should be well informed in advance about the guideline for awarding the grade so that they can start working accordingly.

On the basis of the above facts the department recommends that point no. 2 of letter no. 11/DO dated April 9, 2018 may be waived off in light of industrial internship for this year.

#### Following recommendations of SDPC are submitted to Dean (Academic) for approval:

1. The SDPC discussed the recommendation of the DDPC of Department of Applied Mechanics regarding the case of Ms. Nidhi Devi (2016RAM01) regarding late submission of thesis / redelivering of Open seminar (third time).

The supervisor(s) requested to the Dean (Academic) /Director for the extension of 4 days for submission of thesis, which was marked to the Chairperson SDPC by Dean (Academic) for consideration in view of mail of one of the supervisor stating that "It is pertinent to mention here that presently the PhD programme of the student is extended till the ongoing semester and hence, it would be convenient to re-deliver the open seminar again in this semester itself (if required), though it would be her third Open Seminar. This time there should not be any problem in immediately submitting the thesis, as it is already ready including the necessary IPR check."

Chairperson SDPC returns the application to the department with a note "Request for redeliver of open seminar (third Time) must be routed through proper channel."

Subsequently AMD calls an emergent meeting of DDPC and as per the recorded minutes of the DDPC of AMD, the observations and recommendation(s) of DDPC of AMD are as follows:

- 1) The student delivered her first open seminar on 14.07.2021.
- 2) However, she could not submit her thesis on due time and re-deliver open seminar second time on 17.11.2022, after due approvals.
- 3) Accordingly, the student was required to submit her thesis latest by 16.11.2023, as per the DDPC minutes dated 22.08.2023 and approved 25.08.2023 for three months extension of thesis submission date as per clause 13.1.
- 4) However, the student was late for four days this time to submit her thesis, on which the supervisors made the above-mentioned request for four days extension.
- 5) As per Chairperson (SDPC) comment on this request, the student submitted a revised DP-01 format for re-delivery of open seminar for third time, duly forwarded by the supervisors. It is notable that the student's Ph.D. programme is in extension till the ongoing semester (Odd Semester 2023-24).

Based on the above observation, the committee recommends for approval of the revised DP-01 format for re-delivery of open seminar as per clause 13.1.

(ii) of Doctoral Programme ordinance effective for the student registered in session 2021-22.

3. The SDPC discussed the recommendation of the DDPC of Biotechnology Department regarding termination of Ph.D program of Ms. Priyanka Singh (a Ph.D student admitted in category 11 in odd semester 2023-24).
