| 79.07 | To consider the discontinuation of Branch Sliding procedure in B.Tech. Programme. | |
| | <p>The Senate considered discontinuation of Branch Sliding procedure in B.Tech. Programme and observed that presently the branch sliding rules for Undergraduate students are governed by clause 5.4 of the Ordinances for Bachelors' programme where Students whose branches are changed because of branch sliding are required to earn additional credits viz. credits over and above the total credit requirement of the associated branch-specific programme for the left out courses, which the student will study to meet the academic requirements for completing the programme. The credits earned in the B. Tech. I and II Semesters in the branch specific courses of previous branch viz. branch allotted in I year, are not accounted for meeting the credit requirement of the branch, after sliding.</p> <p>Due to branch specific courses from the first Semester itself under NEP-2020, such courses are necessary for academic completeness of the programme for all such students. This leads to additional academic load on the students.</p> <p>In light of the above, the Senate resolved to discontinue the Branch Sliding procedure in B.Tech. Programme from Academic Session 2024-25 in order to reduce stress amongst the students.</p> | <p>The decision of the Senate has been communicated to all concerned vide letter No. 226(A)/ Acad. / 2024, dated May 22, 2024.</p> |

Dear Sir,

Objection on 79.13:

The said rule was a guide line and it was assured in the seat to remain the same. Now rule 79.13 makes it mandatory. I clearly said that it is encroachment in the faculty and examiner's working area.

Due to some delay in Convocation, the proposal was moved ahead to meet the emergent conditions not only in the current year but also in near future. Their Employers are asking for a regular degree instead of the Provisional Degree given to students for the time being till convocation.</p> <p>Based on mixed responses of the senators on this matter, it was realized that a thorough discussion is required in this matter. Hence, the Senate resolved that the provision of degree without convocation may be exercised as an exception only, if the annual convocation for the academic year 2022-23 is not at all feasible in near future, just to meet the emergent requirements of all the passing out graduates of academic session 2022- 23, after evolving a procedure as being practised in other Institutes/Universities for such type of circumstances. However this should not be made a general rule under any circumstances, unless and otherwise discussed thoroughly in a regular senate meeting as it may require modifications in the ordinances also.</p> | concerned vide letter No. 425/ Acad. / 2024, dated 19/07/2024 |

| Agenda 2 | : To consider the arrangement of classes for Branch slided students in the Academic Year 2023-24 |
| Resolution | : The Sub-Committee of the Senate (Standing Committee) reconsidered the arrangement of classes for Branch slided students in the Academic Year 2023-24. The Sub-Committee of the Senate (Standing Committee) noted that in its previous meeting it had recommended that the classes for branch specific courses may be held during summer vacation so that students may complete their academic requirements at the earliest and the same was approved. However, in response to this, some departments presented financial requirements for engaging the classes during the summer vacation. The financial requirement was discussed by the Dean (Academic) with the Director and it was concluded that the financial support for engaging such classes for a very small group of students in summer vacation may not be advisable. However, the students may take these courses as parallel courses in their regular semester(s) as per the provisions of the Ordinances for Bachelors' Program. In light of the above the Sub-Committee of the Senate (Standing Committee) resolved to recommend that the Branch slided students in the Academic Year 2023-24 may take branch specific courses from any of the two arrangements viz (i) as parallel courses in their regular semester(s) as per the provisions of the Ordinances for Bachelors' Program or (ii) through a Summer Semester (as already approved). However the department is mandated to adopt either of the two arrangements and should not mix these two arrangements. |
| Agenda 3 | : To consider the extension in the date of Ph.D. / M.Tech. Semester Progress Evaluation for the Even Semester of Academic Year 2023-24. |
| Resolution | : The proposal of extension of date of Ph.D. / M.Tech. Semester Progress Evaluation for the Even Semester of Academic Year 2023-24 was considered by the Sub-Committee of the Senate (Standing Committee). Considering the preponing of Summer Vacation from June 07, 2024 to June 01, 2024, ongoing Loksabha election and assigned election duties to faculty members, the Sub-Committee of the Senate (Standing Committee) resolved to recommend that the last date of Ph.D. / M.Tech. Semester Progress evaluation for the Even Semester of AY 2023-24 may be extended from June 28, 2024 to July 19, 2024. This will also provide additional time to enable departments to include an external examiner in M.Tech Thesis Evaluation as per resolution 79.09 of the Senate. |
| Agenda 4 | : To consider the request of Ms. Sonam Kumari [Reg. No. 20128067] of B.Tech [IT] of CSED for award of degree. |
| Resolution | : The Sub-Committee of the Senate (Standing Committee) considered the request of Ms. Sonam Kumari [Reg. No. 20128067] of B.Tech [IT] of CSED for award of degree and resolved to recommend that complete details of the student be verified by the Examination and Admission Cell of the Institute and associated report may be submitted for further consideration. |

| Resolution | : | The Sub-Committee of the Senate (Standing Committee) considered the request of to Mr. Himanshu Banate [Reg. No.20184119] for award of degree. The Sub-Committee of the Senate (Standing Committee) observed that the student was not issued the degree certificate as his caste status authenticity was sub-judice and now the Hon'ble High Court of Mumbai has delivered the judgement which has also been reviewed by the Institute Legal Cell. In light of these facts the Sub-Committee of the Senate (Standing Committee) resolved to recommend that the original copy of the judgement of the Hon'ble High Court of Mumbai be submitted to the Office of the Registrar for verification by the Legal Cell of the Institute for further consideration. |

the case of Mr. Vichitra Pratap Singh (20201120) and found that the students has applied for only one subject i.e. Advanced Concrete Design (Examination 2024, but as per the approval of Chairman SUGC he was also allowed for Chemistry lab subject (CY11201). However the student did not receive the approval of Chairman SUGC the student appeared in Chemistry lab (CY11201) Examination. The grade of Chemistry lab (CY11201) is being considered the same and found them in order.

In above facts the committee recommends that the result of Chemistry lab (CY11201) of Mr. Vichitra Pratap Singh (20201120) be updated.

In the case of Ms. Vandita (2019RBT01) and found that the grade the 10th Semester grade of Open Seminar (BT71004) was wrongly entered in the report of Open Seminar of Ms. Vandita (2019RBT01) and found it to be in order, therefore on the basis of this the Committee recommends that the grade may be updated after receiving her updated grade from the department.

Respectfully,
Submitted to Chair.

3. SDPC discussed the case Ms. Alka Chauhan (2022RMA02) from Mathematics Department who had requested for change of supervisor. Her present supervisors are Dr. Supriya Yadav and Dr. Pramod Yadav. She has requested to continue her Ph.D programme under the supervision of Dr. Supriya Yadav only, for which Dr. Pramod Yadav has given his consent.

The SDPC resolved to recommend for continuation of Ph.d programme by Ms. Alka Chauhan (2022RMA02) under supervision of Dr. Supriya Yadav, as per clause 12.1 (7) of the Ph.D ordinance.

4. SDPC discussed the case of Mr. Ranjeet Bahadur Chaubey (2019RBT06) from Biotechnology Department who requested for continuance of his fellowship for five years. It is also worth mentioning that the student was on medical leave during March 2022 to January 2023 and did not receive fellowship during the aforesaid period. The student joined back the institute on 23.01.2023. The student has received fellowship for four years and one month till July 2024. The DDPC recommends the fellowship to the student for the remaining period.

Considering the request of the student and the subsequent recommendation of the DDPC, the SDPC considered the case sympathetically and resolved to recommend fellowship to the student for remaining eleven months (within maximum duration of fellowship period i.e. five years).

5. SDPC discussed the case of Mr. Deepak Kumar Gupta (2016RME04) of Mechanical Engineering who requested for semester leave of one semester (Odd Semester of session 2023-24). The student completed fifteen semesters in his Ph.D programme. The student delivered open seminar on 22/12/2022. He got an extension for two semesters which ended on December, 2023. The student did not register for the odd semester (Session 2023-24) nor informed his supervisor/department. Mr. Deepak reported to department after getting a warning letter by supervisor (Prof. A.K. Dubey). Also, he has accumulated 7 'X' till date.

Citing the student's lack of sincerity the semester leave request of the student has not been recommended by the supervisor as well as DDPC.

Considering all the above facts the SDPC resolved not to recommend Mr. Deepak Kumar Gupta (2016RME04) semester leave from the Ph.d Programme for six months (Odd Semester of session 2023-24). Subsequently it is also recommended not to grant extension one semester (as requested) in the Ph.D programme (Odd semester 2023-24).

6. SDPC considered the case of Mr. Nikesh Kumar (2021RME34) Department of Mechanical Engineering who is doing research work in Department of Aerospace Engineering in IIT Kanpur as non-Degree student, for monthly release of his fellowship.

The SDPC discussed the matter and opined that monthly release of fellowship is very essential for effective research outcome as well as comfortable living. In light of this, SDPC resolves to recommend revision in the Clause 6.6 of Ph.D Ordinance, which states the following:

The SDPC considered the case and resolved to recommend termination of Mr. Devendra Kumar Gautam (2021RAM05) as per the Clause No. 5.5 of the "Old Ordinance of Doctoral Programme".

11. SDPC discussed the case Mr. Ravi Prakash (2014RCS53) from Computer Science and Engineering Department who requested for a semester leave (Even semester 2023-24). The student was registered in Nineteenth Semester in 2023-24 even semester. He was unable to pay the late registration fine imposed by office of Dean (Academic) due to financial difficulties as he failed to report physically on time. DDPC recommended semester leave (Even semester 2023-24) to the student. The SDPC considered the case and resolved to recommend semester leave for the academic session 2023-24 (even semester) as per the Doctoral programme Ordinance clause No.5.2.

D.O. No. 13-50/2024-TC

Dated: 20th September, 2024

Dear Sir / Madam,

Traditionally, Higher Education Institutions (HEIs) have admitted students with UG degrees of at least 4-year duration, such as BE, BTech, BArch, BPharm, BVSc, or equivalent, to their ME/MTech/equivalent, MS (by research), and PhD programs. In a combined 4-year program, advanced courses are introduced in the final year enabling students to shift to careers in research directly after graduation. This is the main reason why 4-year degrees are accepted for admission to research programs globally. Traditionally, since bachelor's degrees in science have been 3-year degrees, students graduating with BSc were required to do an additional 2 years of MSc to prepare themselves for research.

2. In backdrop of the National Education Policy (NEP) 2020, 4-year BS degree is now being offered by top institutions. These unique programs, designed based on the National Education Policy 2020, admit students through an inclusive qualifier exam and offer multiple entry and exits. (Many IITs and other top institutions have started BS programs as 4-year degrees where the students must complete 142 credits, which is similar to the number of credits in BTech programs of many IITs.)

4. In the present circumstances, it is felt that time has come to revisit the eligibility criteria for admission to research programs of Indian institutions.

5. I shall be grateful, if you could examine within the institute to treat the BS 4 year degrees as eligible degrees for all programs that had earlier considered a 3-year BSc + 2-year MSc to be eligible. This will enable Indian institutions to be viable destinations of further studies for students of 4-year BS programs, which are standard undergraduate degrees as per the principles espoused by the National Education Policy, 2020.

Regards.

Yours sincerely,

(K. Sanjay Murthy)

Directors of all CFTIs
