

A Self-financed Summer Training Program on Emerging Trends in Computer Science

June 8 - July 5, 2015

Objective

This program is specially crafted for Undergraduate Students of Engineering who have enough enthusiasm to learn the Emerging trends in Computer Science & have an inquisitive mind. The course shall cover both theoretical as well as the practical concepts with special focus on the recent trends and challenges in the respective emerging fields of computer science along with the tools and simulators that are useful for the participants for their Summer Training/ Projects/ Research work.

Topics of the program

- | | |
|--------------------------|---|
| 1. Distributed Computing | 5. Image Processing |
| 2. Cloud Computing | 6. Unix & System Administration |
| 3. Advanced Databases | 7. Embedded Systems |
| 4. Big Data Analysis | 8. Artificial Intelligence & Genetic Algorithms |

Resource Persons

- Professors from IITs, IIITs, NITs
- Experts from Industries
- Faculty from MNNIT Allahabad

Eligibility

B.Tech. Students of AICTE recognized Institutions

Important Dates

Registration Deadline : **May 31, 2015**

Registration Fee

Registration fee should be submitted through bank draft drawn in favor of "ETCS 2015". Payable at Allahabad.

Students (From Other Institutions)

Rs. 8000/-

Students (From MNNIT Allahabad)

Rs. 5000/-

***The seats are limited and will be given on FIRST CUM FIRST SERVE BASIS
